Many students feel overwhelmed with the options available with them when it comes to take appropriate decision regarding spend most valuable age period of their life. Sometimes, it becomes a herculean task for a large chunk of these budding students of higher educational institutes to make right decision without proper guidance about the prospectus and scope provided by various streams of skills. To cope up with these requirements and lessen the stress of opting for the best when a student try to make decision where to spend next 3 or more years of their life, the college organized a workshop for twelfth pass out students to attract and make their free time more productive to motivate them to get admission in the college. It was a 15 days venture initiated to take concrete and effective steps to improve enrolment ratio in the institution attributed to the overall decrement in the rates of admission in the area due to new institutes but started in recent years. Efforts were not only focused on increasing number of students in this very institution but to make these budding students acquainted with some of the basic qualities of the institution that had a profound impact on these students experience during this time period in the college. The motive was to share the crux major of our mission and vision as a women educational institute in the area. The participants got refecation of a sublime experience under the influence of the college values, culture and future direction. During this workshop some of the special courses and classes were arranged for the participants on various objects like mathematics English and computer etc. some of the most important and general topics from commerce and others streams were also discussed thoroughly by the teachers concerned to the subjects in the college. Besides, the training on yoga was also imparted to the students to offer participants with better conditions with physical and mental health. Various techniques of dance were shared. The students were also trained in music. The students also got the opportunity to play games like badminton, football, volleyball, table tennis etc. here in the institution. The students were made acquainted with various methods and skills to prepare for competitive exam and it was elaborately discussed with the participant to acquire good hold of GK of different levels. However, It requires time and arduous efforts to change the students' mindset and mould them according to the new and refined situations of the institution. Sometimes, motivating academically poor students to attend special classes becomes a big challenge. However, constant and sincere efforts of the faculty members help the students to overcome this problem. The practice has been going on in our college for the last six years, and continuously it is yielding good and positive results.
